

## PRODUCT DATA SHEET

### Boalum

#### DESIGN BY:

Gianfranco Frattini , Livio Castiglioni  
1970

#### MATERIALS:

Reinforced flexible plastic

#### DESCRIPTION:

Table, floor or wall lamp. Structure in reinforced flexible white plastic with ends in resin. The small torpedo lamps are connected to each other in series and separated by an insulating sphere. Up to 4 individual sections may be connected to each other in series to make a length of 8 metres which may be wound into any shape. Diffused light emission.

Lamp included.

##### DIMENSIONS

|                    |        |
|--------------------|--------|
| Height:            | cm 200 |
| Diameter:          | cm 60  |
| Impact Resistance: | N/D    |
| Glow Wire Test:    | N/D °  |

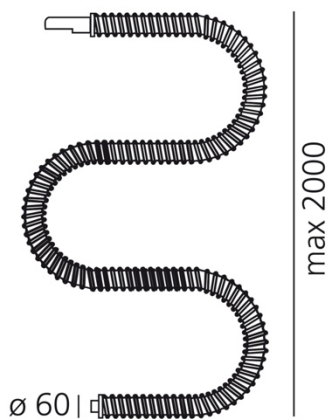

##### LAMPS INCLUDED

|                        |        |
|------------------------|--------|
| Category:              | LED    |
| Watt:                  | 125W   |
| Wattage (Single):      | 5W     |
| Number:                | 1 x 25 |
| Typology:              | 0      |
| Color temperature (K): | 2800K  |
| Class:                 | A      |

##### LUMINAIR

|                           |            |
|---------------------------|------------|
| Transformer availability: | Integrated |
| Watt:                     | 125W       |
| Voltage:                  | 220V-240V  |
